True Paranormal Layla Hawkes,2016-06-01 Disturbing True Ghost Stories, True Paranormal Hauntings And Scary Unexplained Phenomena From The Last 300 Years Legends and folklore are old tales and still are a definite part of our lives. Wherever we go, there will always be stories that the person telling you has heard from someone else or from their ancestors. Due to the passing down of these stories from one person to the other the true story often changes and becomes rather distant from the original. Over the last 300 years, there have been a lot of cases and stories that have been passed from generation to generation. Some of these stories are not traceable anymore. One cannot possibly trace the true root of the story and why it actually happened. Sometimes, one cannot even know for sure if it really happened.....

Real Hauntings Hans Holzer, 2012-04-03 Twenty-five real-life tales of hauntings and ghostly encounters across America, by the author of Houses of Horror and Ghost Hunter's Strangest Cases. Hans Holzer's Real Hauntings continues his account of true, authenticated case histories of haunting throughout the United States. From the restless shade of a sea captain on Cape Cod, to the remorseful parishioner at St. Mark's in New York City who is unable to forget her extramarital affair, to the little girl ghost of Landsdowne, Pennsylvania, who can't quite understand what happened to her world, Real Hauntings chronicles the fascinating and dramatic accounts of the true experiences that ordinary people have had with the world beyond our own. New Hampshire, Virginia, California, Louisiana, Minnesota—ghostly encounters can occur anywhere and to anyone. Among the many remarkable encounters in Real Hauntings is the story about the ghost of a young girl killed during a wild party in Hollywood; the testimony of tenants at an eighteen-century carriage house in New York City's Hell's Kitchen regarding the several ghosts they have encountered; and the account of the piano-playing phantom in an old house in Arkansas. In all, twenty-five true, witnessed accounts are reported here by Dr. Hans Holzer.

Each story is unique in its own personal experience and has been told to the author, Selinda Hart. True Ghost Stories and Hauntings Travis S. Kennedy, 2016-03-14 Incredible True Paranormal Accounts: True Ghost Stories And Hauntings From The Past Scientists studying parapsychology try to establish many possible theories to justify a paranormal claim. Sometimes they successfully rationalize the mystical incidences with explainable scientific data and facts. But when they fail, it becomes an unsolvable mystery and controversial phenomena for future generations. We know that some places on earth are cursed and are not safe for human habitation. But, can we always scientifically explain or rationalize why some places or objects are so unlucky or why we sometimes see or feel things that no one else does? In this book we will tell you of some real ghost stories, stories of mysterious objects and a number of very tragic incidents that have been hard for science to logically define. This book contains a number of ghastly incidents that no scientist, or criminal investigator could ever rationally justify. Read these disturbing stories from the past yourself and see if you can connect the theories or justify each and every phenomenon to establish them as rationalized events.
